

PRESS RELEASE

GOVERNOR OF TAMIL NADU'S TEACHERS DAY MESSAGE

The Foundation for a strong country is built on the young and talented minds. A teacher is the role model for most of us and has been influential in changing each and every student's life. Teachers should be repository of knowledge and experience, and sharing of their rich values will help students to succeed in their life. I strongly believe that the Teacher-Student relationship will nurture good character, discipline and commitment to set high standards. My sincere appeal to the teaching fraternity is to come forward and dedicate their quality time to guide the abundant youth force to build India into a developed nation.

On the occasion of Teacher's Day, the Birthday of Former President of India, Dr. Sarvepalli Radhakrishnan, may we pay our respects to him for bringing respect to the teaching fraternity.

I extend my heartiest greetings and best wishes to the teachers for their dedicated service to build a knowledge and harmonious society.

CH.VIDYASAGAR RAO
GOVERNOR OF TAMIL NADU

Raj Bhavan, Chennai
