

**Hon'ble Governor of Tamil Nadu, Thiru. R.N.Ravi accompanied by
The Lady Governor Tmt. Laxmi Ravi have planted 100 native
varieties of tree saplings at Raj Bhavan , Chennai.**

Hon'ble Governor of Tamil Nadu Thiru. R.N.Ravi accompanied by The Lady Governor Tmt. Laxmi Ravi along with the Raj Bhavan family have planted 100 native varieties of tree saplings on the occasion of World Environment Day in a special way at Raj Bhavan , Chennai.

After planting the tree, the Hon'ble Governor emphasized the importance and role of trees in the protection of our environment and mother Earth. Further, the Hon'ble Governor insisted that, mere planting of trees will not serve the purpose, but it is all the most important to maintain them with proper watering and other cultural operations like training pruning at appropriate time. Proper care must be given till these trees attain their full canopy. He has appealed the people on this World Environment Day that, everyone must plant one tree on the day of their birthdays and maintain them. This practice shall bring a huge impact on the environment as the number of trees planted would be in billion in our country.

It is worth mentioning an important factor that, all the selected tree saplings are indigenous in nature suitable to grow in our existing soil and climatic conditions. Further, these trees can withstand drought, prolonged inundation of water and occasional cyclones. Hence, sustainable green cover is ensured in Raj Bhavan campus.

On this occasion, Thiru. Anandrao V. Patil, I.A.S., Principal Secretary to Governor, Officials and Staffs of Raj Bhavan were participated and planted the trees on their behalf.
