In his address, Hon'ble Governor highlighted enormous challenges faced by the industries at the time of protracted COVID-19 pandemic and congratulated the industry leaders for the resilience in bouncing back so swiftly. It is a matter of pride that India is among the fastest growing economies of the world. Governor stated that our state Tamil Nadu has the needed ingredients of growth and development such as skilled manpower, infrastructure, power and a good industrial base. The State has a great potential and can attain greater heights. He emphasised that growth of Tamil Nadu was essential for Nation's growth.

Governor drew attention of Industry leaders to the unintended consequence of revolution in Information Technology in terms of declining inter-personal communication among the people including in a family. He underscored the need for strengthening human relationship and building a culture of family in organisations. The Human Resources Managers and

Executives have a vital role to play. They have to foster the human connect through organic bonding and develop sense of Kutumbam among all the members of an organisation.

Hon'ble Governor hailed the Industry leaders as wealth creators and Nation Builders. They should create more wealth and more jobs. This was crucial for our Nation's growth.

Nation is moving with renewed confidence for all-round progress and has been setting seemingly incredible targets and achieving them before deadline. Under the dynamic and visionary leadership of Prime Minister, the country has made many incredible achievements. India is unleashing energy of her people.
